## MARCH 2020 EDITION

### NEWS

#### NEW FOREST SPRING SPORTIVE – 18 & 19 APRIL 2020

Event Centre: Somerley House Estate, Ringwood, Hampshire, BH24 3PS

- \* Start times: 07:20 – 10:40
- \* Finish time: 16:30

Please be aware that there will be a number of cyclists on the roads between the start and finish times.

Please also note that we will limit the amount of riders leaving the event centre as recommended to us by National Park Authority to 20 per 2 minutes. This will be a strict start procedure. All riders on our event will be issued with front and rear numbers to wear.

Should there be any issues with rider behaviour, please take note of their number when calling in. We would like to reassure you that we do take rider behaviour very seriously and we will endeavour to deal with individual riders on the day of the event.

If you need anything further from us please don't hesitate to contact us.

Kind Regards,

Rachel Watton

#### NEW FOREST NATIONAL PARK LOCAL PLAN 2016 - 2036

The New Forest National Park Local Plan was formally adopted in August 2019 following four years of evidence gathering, public consultation and independent examination. The new Local Plan replaces in full the previous Core Strategy (2010). Full details of the new Local

Plan can be viewed at <https://www.newforestnpa.gov.uk/planning/local-plan/>

### AMAZON SCAM ALERT

The scam, which we first reported on in October 2019, involves victims receiving an automated call, informing them that they have been charged for an Amazon Prime subscription.

They are subsequently instructed to 'press 1' to cancel the transaction. When they do this, they are directed to a fraudster posing as an Amazon customer service representative.

The fraudster advises the victim that the subscription was purchased fraudulently and that remote access to their computer is required in order to fix a security flaw that will prevent it from reoccurring.

The victim is asked to download a remote access application, often the 'Team Viewer' app, which grants the fraudster access to the victim's computer.

The Team Viewer software is then misused by the criminal to capture sensitive personal and financial information from the victim's computer.

Other variants of the crime involve fraudsters stating that the recipient is eligible for a refund for an unauthorised transaction on their Amazon account.

#### WHAT TO DO

1. Always question uninvited approaches in case it's a scam. Instead, contact the company directly using a known email or phone number.
2. Have the confidence to refuse unusual requests for personal or financial information. It's easy to feel embarrassed when faced with unexpected or complex conversations. But it's okay to stop the discussion if you do not feel in control of it.
3. Never install any software or visit a website as a result of a cold call. Unsolicited requests for remote access to your computer should always raise a red flag.
