- i) District Cllr Diane Andrews told the meeting how it was now possible to make a report to the police and Keep Britain Tidy of litter being dropped from a car – see [keepbritaintidy Carlitter](#) for more information. She felt this may be of interest to Bramshaw because of the close proximity of the drive through McDonalds at Ower.

Hurst Castle is to become a heritage site.

  - Presentation by HALC on fraud prevention.

Consultative Panel

#### North East Parish Council Quadrant Meeting

- HLS landscape leaflet – Advice and Guidance for Owners of Properties Adjoining the New Forest now complete.
- Cycling update – as above – but SB raised concern over the very bright head lamps worn by cyclists in the dark and how blinding they are to oncoming traffic.
- Management Plan due to be reviewed in 2015. Suggested something about cycling events be included.
- Woodland Management/Woodfuel – Presentation by Georgina Watson (NFLAS) Wood fuel will become increasingly popular in the future as fossil fuel prices rise. Developing a productive wood fuel market in the New Forest is a practical option as managed woods will be able to provide a sustainable, local and carbon neutral energy source, which will benefit local communities, habitats and wildlife.

#### New Forest Equine Forum

- Steve Avery advised that the National Parks will not be exempt from the proposed planning changes to allow farm buildings to be converted to residential accommodation with only prior approval sought

The Parish Council asked the clerk to write to Nick Boles, Parliamentary Under Secretary of State for Planning expressing their concern over the radical changes this decision could bring to the New Forest National Park.

- Review of Management Plan discussed from the horse owning population point of view.
- Cycling Liaison Group – Fiona MacDonald advised that there is a long way to go in coming to an agreement over the cycling charter.
- Mystery Dog Illness – virus possibly likes 4°C and wet places. It is not only confined to the New Forest. Vets are however trying to put a vaccine together. Ensuring that your dog is washed off properly after walking on the Forest may help to stop the virus getting into the blood stream of the dog.
