066.16 **Reports to be received**

- i) HCC Cllr Edward Heron advised that it was a difficult period for Local Authorities in the County. New Forest District Council had little if any appetite for devolution, especially a Solent City model, and were looking to see if there was any merit in talking to Dorset.
- ii) Councillors' reports.
Kay Harrison raised concern about the dragon's teeth that had suddenly appeared outside of the Bentley Garage particularly as she was not sure they were part of the original planning application.

Sue Bennison advised that she had had confirmation from the Forestry Commission that they would cut the brambles in the verge outside of the old people's home in September/October time once the birds had ceased nesting.

067.16 **Public Forum** An opportunity for the public to make known the council any issues of concern, or to make comment on items on the Agenda including Planning Applications.

Peter Reynolds thanked the council for an informative Annual Assembly. He also thanked Cllr Edward Heron for organizing the road edges to be swept from cleared from chippings so quickly. He expressed his concern over the cattle grid and how if the current structure was not fit for purpose, particularly with the big skip wagons going to the tip that perhaps HCC should look into a better design.

Colin Payne provided the meeting with his and the views of a number of residents of Fritham on the proposed works to the felling of two sycamores and one unidentified tree at Kings Garn Cottage and their reasoning for being against the application. He also expressed his disappointment with the manner in which he felt the tree team had managed the whole application.
